

## CANNON

0130	CANNON	Length	65	[cm]
		Width	45	[cm]
		Height	57 + 32 (base)	[cm]
		Weight	9 + 12 (base)	[kg]
		Pump Efficiency	3-6 (or hand pump)	[m³/h]

The Cannon is a piece of water artillery designed especially for children who love to play in the pool. The Cannon toy is equipped with an automatic pump to spout water. Installation of a hand pump (optional in our offer) shall change the fountain into an incredible interactive game. The toy can be mounted in any place of the recreation area designed for children.
