

Open Slide „U” Type
U800 + (h=250), U1000 + (h=250), U1000 + (h=320),
U1200 + (h=250)
(h - side's height)

Diameter	800, 1000, 1200	[mm]
Pump Efficiency	90-120	[m ³ /h]
Optimal Length	40-100	[m]
Average Slope	9,5-13	[%]

The functional properties of this slide are very similar to U 1000 mm. In most cases it is installed in facilities with more space – indoors and outdoors. Its advantage is the possibility to design it according to individual need of the customer. Colouring is free to choose.
